Objective

My goal is to gain practical experience in the field of web development and enhance my technical skills by working in a dynamic and collaborative environment.

About Me

I am a dedicated and committed individual with a passion for learning new things and improving my skills, which drives me to constantly seek challenges and growth opportunities. I am outgoing and communicative, enabling me to easily interact with people from different backgrounds and cultures. Additionally, I am organized and continuously seek ways to develop both personally and professionally. In 2019, I embarked on a two-year language exchange in Dublin, Ireland, where I had the opportunity to develop English language proficiency and interpersonal skills.

Professional Profile

I began my journey as a developer in February 2022 in the Systems for Internet course at UNIESP College in João Pessoa. During this period, I have been developing my skills in Web development. Currently, I am focused on Front-End technologies such as React, JavaScript, HTML, CSS, and Figma, as well as SQL Server, programming logic, OOP, Java, and Spring Boot.

Experience

CIM - Confederation of Italians in the World

Freelance Web Developer

January 2023 - Present

Rome - Italy

I worked as a web developer with the goal of delivering innovative solutions through end-to-end web application development. Throughout this process, I engaged in requirements gathering in collaboration with stakeholders and proceeded with the implementation and deployment phases of the application. My main focus was to ensure the delivery of high-quality products, consistently pursuing technical excellence and user satisfaction.

Education

UNIESP University Center

Studying Systems for Internet · (January 2022 - June 2024)

Berlitz English School Dublin - Ireland

Advanced English Certificate. (Feb 2019 - Feb 2021)
